## Experience

### **SofterWare Inc. – 2015 to present**

#### **Front End Developer**

As a front end dev at SofterWare I worked mainly on branding and improving the UI of their forms product.

Prior to this position, I held the positions below at SofterWare, as well.

#### **Web & Design Team Lead**

As Web & Design Team Lead, at SofterWare, I was mainly responsible for leading large web development and design projects while mentoring other team members in design and code.

Outside of design and web development I was responsible for managing a team of designers and developers. I also created and implemented project management processes, for the entire marketing team.

#### **Senior Web Designer**

#### **Junior Graphic & Web Designer**
